

Police, 03/01/2022

Dear Sir/Madam,

we would like to inform you that COROL Sp. z o. o. has established strategic cooperation with SWEILLEM POLSKA Sp. z o. o. The result of this collaboration are decisions taken to enhance the quality of customer service significantly within the scope of products, equipment and industrial fittings offered by COROL Sp. z o. o.

As part of the changes introduced, as of January 1, 2022, COROL has reduced its sales activities, including warehouse management and logistics in the area of industrial equipment and fittings, entrusting their ongoing sales, distribution, logistics, as well as technical support and service to SWEILLEM POLSKA Sp. z o. o.

SWEILLEM's goal is to ensure full availability of products and devices alongside technical support for existing and new Customers. Additionally, SWEILLEM will provide warranty and post-warranty service for all products offered and sold by COROL Sp. z o. o.

The decision of the Management Board of COROL Sp. z o. o. is strategic in nature and is dictated by the desire to focus on the growing expectations of Customers in the area of design, production and sale of municipal technology products and equipment.

The management boards of both Companies believe that the many years of experience of both companies and the synergy of specialists from COROL and SWEILLEM, combined with the excellent quality of the products offered, guarantee top quality and professional service.

Paweł Urbański
Chairman of the Board of COROL Sp. z o. o.

Marcin Bilowski
Director of the Board of SWEILLEM POLSKA Sp. z o. o.
